WANGANUI HIGH SCHOOL POLICY
STUDENT ENROLMENT

INTRODUCTION	1	The Board recognises the fact that community members wish to have their children attend the school of their choice.
	2	The Board also recognises the constraints placed on it by its financial and physical resources.
	3	The Board is also bound by legislation relating to enrolments as detailed in the Education Act, 1989, as amended by the Education Amendment Act 2000.
OBJECTIVES	1	To set clear guidelines on how students might enrol or be enrolled at Wanganui High School.
	2	To ensure the educational needs of students at Wanganui High School are not disadvantaged by having the facilities of Wanganui High School over-taxed.
	3	To ensure those who wish to enrol students at Wanganui High School have a clear understanding of the philosophy of the school, its rules and regulations, and, that in applying to enrol students at Wanganui High School, they, and those being enrolled, accept and adhere to these.
GUIDELINES	1	The Principal has overall authority to accept or decline students wishing to enrol at Wanganui High School, in keeping with the Wanganui High School Enrolment Scheme (see attached) and the terms and conditions of student rights of access to education as laid down by the Ministry of Education.
	2	The Principal will actively promote the school's expectations and procedures for enrolment within the school's community each year.
	3	The criteria for deciding on the acceptance or otherwise of students, are to be applied by the Principal in keeping with the Enrolment Scheme.
	4	The Board is required to review its enrolment scheme annually by 1 May. Note: The enrolment scheme can be re-negotiated within the Ministry of Education at any time. Any change must be advised to the community, eg: newspaper, as soon as practicable after it has been adopted by the Board of Trustees. Any amendment will take effect on 1 January in the year following its adoption.
CONCLUSION	1	Currently the school's physical resources are limited and to ensure current students are not disadvantaged, the school has adopted an enrolment scheme. Where possible, however, students who wish to enrol at Wanganui High School will be encouraged to do so.
EVALUATION	1	The Board, IN ASSOCIATION WITH THE Principal, will review this policy annually in accordance with the school's quality management cycle.

WANGANUI HIGH SCHOOL

ENROLMENT SCHEME

The School's enrolment scheme has been established in association with the Ministry of Education in order to Limit the size of the School's roll. There are several criteria associated with this scheme:

1 HOME ZONE

a) All students who live within the home zone (shown on the attached map) shall be entitled to enrol at the School.

b) Proof of residence within the home zone may be required by the Principal.

2 OUT OF ZONE ENROLMENTS

a) Each year the Board will determine the number of places which are likely to be available in the following year for the enrolment of students who live outside the home zone. The Board will publish this information by notice in a daily or community newspaper circulating in the area served by the School. The notice will indicate how applications are to be made and will specify a date by which all applications must be received.

b) Applicants will then be accepted in the following order of priority:

i) Applicants who have been accepted for enrolment in special programme(s) run by the school and approved by the Secretary for Education;
ii) Applicants who are siblings of current students;
iii) Applicants who are siblings of former students;
iv) Applicants who have parents who are former students;
v) Applicants who are either the child of an employee of the Board of Trustees or a child of a member of the Board of Trustees;
vi) All other applicants.

c) If there are more applicants in categories 2 – 5 than places available, selection within the priority group will be by ballot conducted in accordance with instructions issued by the Secretary under Section 11G(1) of the Education Act 1989. Parents will be informed of the date of any ballot by notice in a daily or community newspaper circulating in the area served by the school. The notice will indicate how applications are to be made and will specify a date by which all applications must be received.

d) Applicants seeking second or third priority status may be required to give proof of a sibling relationship.
