

1.2 Business Portrait

Schneider Consulting
Technical Consulting
Ahornweg 16
5022 Rombach/Küttigen,
Switzerland

Tel.: 0041 62 827 43 86
Fax: 0041 62 827 43 89
Mail: schneider@scrconsulting.ch
Internet: www.scrconsulting.ch

Founded: 1997
Legal form: Single proprietorship
Employees: Two plus partners
Management: Hr. F. Schneider
Representative: Hr. D. Schneider

History

Our knowhow is based on many years of work in the field of the practical steel and metal construction. In the years, from 1904 up to 1997, we produced and assembled our products in our own production plant.

Mr. Schneider worked in Canada on crane- and refinery projects; in Schneider AG steel and metal construction; in the Hydro Schneider AG we produced for international costumers. He manages Schneider Consulting starting in 1997.

Business Activities

We work out projects, advice as specialist, make quality controls, and develop new products. We design facilities and equipment. Together with our partners we carry out turn key projects. You can count on our ideas and our efforts.
