Social Media Workshops

In the month of June I would like to provide two basic workshops for the arts community on social media.

On June 6th at 1pm at the Gonville Café Library:

I will discuss the latest trends for 2014 as well as show you around You Tube, Twitter and Pinterest. The workshop will include an introduction to Event Finder and The Big Idea and finish with examples of inspirational social media from arts organisations.

On June 9th at 1pm at the Gonville Café Library:

I will discuss the latest trends for 2014 as well as show you around Facebook, Instagram and Spotify. The workshop will include an introduction to Event Finder and The Big Idea and finish with examples of inspirational social media from arts organisations.

Helping you spread the word

I am happy to use my social media channels to post news for artists of upcoming events and opportunities. I post mainly on the 'The Big Idea', Twitter, Facebook and You Tube. The trick is to email me your information in as few words as possible in a format I can cut and paste as well as an image or, alternatively, send me your social media links and I will re-post. Please note I require an image to post on Twitter or Facebook.
