Dear

KindWater – Quality & Value from your Friendly, Local Experts

Thank you for your enquiry. KindWater is proud to be the Authorised Kinetico Dealer for East Anglia. Please find enclosed brochures for some of the KindWater and Kinetico products – your choice of budget or best – including rental from just £19 per month installed.

KindWater's experienced team is led by a former industry association Chairman and we have successfully installed thousands of water softeners. We are large enough to be professional, small enough to take a personal care. Which is why our customer satisfaction surveys consistently show 60% delighted, 36% pleased, 4% satisfied and 0% unhappy.

Installation is typically £199 or as little as £72 for replacement installations. All prices quoted are inclusive of VAT and delivery. See overleaf and brochures for more price information.
