<ul style="list-style-type: none"> Analyse international trade using economic concepts and models. 	<ul style="list-style-type: none"> Analyse international trade in depth using economic concepts and models. 	<ul style="list-style-type: none"> Analyse international trade comprehensively using economic concepts and models.

Explanatory Notes

- 1 This achievement standard is derived from the first Level 7 Economics achievement objective of the Social Sciences learning area in *The New Zealand Curriculum*, Learning Media, Ministry of Education, 2007 and is related to the material in the *Teaching and Learning Guide for Economics*, Ministry of Education, 2010 at <http://seniorsecondary.tki.org.nz>.

Further clarification of the knowledge, concepts and skills relevant to this achievement standard can be found in the *Teaching and Learning Guide*.

This standard is also derived from Te Marautanga o Aotearoa. For details of Te Marautanga o Aotearoa achievement objectives to which this standard relates, see the [Papa Whakaako](#) for the relevant learning area.

- 2 *Analyse international trade* involves:
- identifying, defining or describing international trade concepts
 - providing an explanation of causes of changes in international trade using economic models

- providing an explanation of the impacts of changes in international trade on various groups in New Zealand society.

Analyse international trade in depth involves:

- providing a detailed explanation of causes of changes in international trade using economic models
- providing a detailed explanation of the impacts of changes in international trade on various groups in New Zealand society.

Analyse international trade comprehensively involves:

- analysis of causes of changes in international trade by comparing and/or contrasting their impact on international trade
- analysis of the impacts of changes in international trade by comparing and/or contrasting the impact on various groups in New Zealand society
- analysis by integrating changes shown on economic models into detailed explanations.

- 3 *International trade* in this achievement standard refers to the issues associated with changes in the value of New Zealand exports and imports.
- 4 *Economic concepts* are selected from:
- major export goods and services
 - major import goods and services
 - major export and import markets
 - balance on goods and services in the Current Account.
- 5 *Models* are selected from:
- supply and demand using the two-country model
 - supply and demand using New Zealand as a price taker
 - supply and demand for the \$NZ to show how an exchange rate is determined.
- 6 Assessment Specifications for this achievement standard can be accessed through the Economics Resources page found at <http://www.nzqa.govt.nz/qualifications-standards/qualifications/ncea/ncea-subject-resources/>.
