Achievement	Achievement with Merit	Achievement with Excellence
<ul style="list-style-type: none"> Analyse how government policies and contemporary economic issues interact. 	<ul style="list-style-type: none"> Analyse in depth how government policies and contemporary economic issues interact. 	<ul style="list-style-type: none"> Analyse comprehensively how government policies and contemporary economic issues interact.

Explanatory Notes

- This achievement standard is derived from the second Level 7 Economics achievement objective of the Social Sciences learning area in *The New Zealand Curriculum*, Learning Media, Ministry of Education, 2007 and is related to the material in the *Teaching and Learning Guide for Economics*, Ministry of Education, 2010 at <http://seniorsecondary.tki.org.nz>.

Further clarification of the knowledge, concepts and skills relevant to this achievement standard can be found in the *Teaching and Learning Guide*.

This standard is also derived from Te Marautanga o Aotearoa. For details of Te Marautanga o Aotearoa achievement objectives to which this standard relates, see the [Papa Whakaako](#) for the relevant learning area.

- Analyse* involves:
 - identifying, stating or describing government policies that achieve specific policy objectives relating to one contemporary economic issue
 - providing an explanation of the direct impact of government policies on one

contemporary economic issue using an economic model(s)

- providing an explanation of the flow-on effects of government policies on two other contemporary economic issues using an economic model(s).

Analyse in depth involves:

- providing a detailed explanation of the direct impact of government policies on one contemporary economic issue using an economic model(s)
- providing a detailed explanation of the flow-on effects of government policies on two other contemporary economic issues using an economic model(s).

Analyse comprehensively involves:

- justifying a combination of government policies that achieves specific policy objectives relating to one contemporary economic issue and minimises any negative flow-on effects on two other contemporary economic issues
- integrating changes shown on economic models into detailed explanations of direct impacts and flow-on effects of government policies.

3 *Government policy* is selected from:

- monetary policies
- fiscal policies
- regulation/deregulation policies
- free trade and protection policies.

4 *Contemporary economic issues* refer to issues such as inflation, international trade, economic growth, unemployment or another issue of special interest involving the allocation of scarce resources.
