

16 February 2016

Incentive Program 2016 - 2018 at Prishtina International Airport "Adem Jashari"

Dear Madam/Sir,

Having in focus our priority for the development of new air services at Prishtina International Airport "Adem Jashari", and continuing to offer support toward airlines intending to open new routes, adding new frequencies or seeking further development at Prishtina International Airport, in addition to incentives we applied in recent years, through this letter I would like to introduce you with our New Incentive Program, valid as of 27 of March 2016, the Program attached to this email together with the application form.

It is airports aim that this program achieve our goal of facilitating the air transportation of Kosovar diaspora around the world by providing support for possible direct flight to/from their homeland, more choices and convenient opportunities towards choosing their air way home.

We consider that currently several destinations are underserved, and some of destinations are not served directly at Prishtina International Airport. Therefore, we developed together with you, the new Incentive Program 2016-2018, aiming to support all of you on the new initiatives you plan at "Adem Jashari" airport.

The new Incentive Program, will be valid for next two years and aims to attract existing operating carriers to offer new services and to use the opportunity for further expansion at Prishtina international Airport, in the same time we intend to attract new carriers to join our market.

Trying to emphasize the incentive products and to distinctly clarify various opportunities to obtain support by the airport, the detailed calculations with different scenarios for each Incentive Product are included in a presentation attached, which we hope will help on your evaluation of the incentive products. The importance is given on combination of different incentive products which results on higher amounts discounted.

Yours Sincerely,

Haldun Firat Kokturk

Limak Kosovo International Airport J.S.C.
