## Principals Message

While I was away recently a number of our students undertook Baptism and First Holy Communion. I was sorry to miss this as it was a real highlight in our community and I want to congratulate the six young women for their wonderful role modelling and courage to make such a strong commitment.

It has been a pleasure watching the academic progress of our senior students this term. The majority of students in Years 11-13 are continuing to work diligently and are putting themselves in a strong position to be successful in their studies. This week's school examinations have provided our students with the opportunity to experience the examination environment and gauge their readiness for the final examinations in November. For many, it is now a case of ensuring they put the work in at home to study the required material and develop the confidence to do well.

Winter sports are now winding up and I would like to thank the coaches in our community, those staff who have committed to support sport and most of all the students for leaving us with so many positive memories. I would have to say that girls sport is currently thriving; however, there have been many credible outcomes in a number of areas. Those that stand out most are Netball and Basketball, where a large number of teams have competed with great success. Well done to you all.

I hope the second half of Term 3 will be as positive and the first.

## Duke of Edinburgh

We are now preparing for the Adventurous Journey part of the Duke of Edinburgh Hillary Award. Students should have nearly completed their Service, Physical and Skill sections, but this does not have to be complete to go on the Journey. Students will need to do the training online - the cost for this is \$65, and is paid directly to the provider. Please see [www.bronzetraining.com](http://www.bronzetraining.com) for both Silver and Bronze training. Students cannot go on the Journey till training is completed
