

One Nation, One Biotech Cluster

Swiss Biotech™ Innovation Day 2016: The potential of industry-academia collaborations

November 30, 2016 – Hightech Zentrum Aargau, Brugg

Target Group

Representatives from industry and academia interested in the availability and application of CTI support instruments.

Introduction

The NTN Swiss Biotech Innovation Day demonstrates the potential of industry-academia collaborations for innovation in life sciences.

Program highlights are the presentations of current CTI life sciences projects and their strategic role for the industry and academic partner as well as the poster exhibition in the networking area.

Event Location

Hightech Zentrum Aargau, Aula / 1. UG,
Badenerstrasse 13, 5200 Brugg

(4-minutes walk from train station. Exit the train station towards city center, turn right and follow Aargauerstrasse, turn left on Badenerstrasse)

Event Fees

Free of charge for members of academia
for members of SBA
and for invited guests

CHF 100.00 for all others

Program Outline

Moderation: Prof. Dr. Daniel Gygax, NTN Swiss Biotech

09.45 **Registration**

10.00 **Welcome**

Dr. Bernhard Scholl, Grossrat - FDP

10.15 **Keynote**

Dr. Peter Grünenfelder, Direktor Thinktank Avenir Swiss

10.40 **Novel concepts to solve the antibiotics threat (tentative)**

Dr. Marc Gitzinger, CEO BioVersys AG, Basel

10.55 **Strategy, preparation and realization of CTI research projects:**

- **Successful private-public partnership: It's all about the team**
Dr. Gabriele Weitz, Allocyte Pharmaceuticals AG, Basel
- **Development of a Point-of-Care application to quantify immunosuppressive drugs after organ transplantation**
Dr. Andreas P. Abel, CTO Bühlmann Laboratories AG, Schönenbuch
- **Be green, keep it on the screen**
Prof. Dr. Franka Kalman, HES-SO, Sion

11.40 **Q&A**

12.00 **Lunch Break in the Poster Exhibition**

13.30 **Strategy, preparation and realization of CTI research projects:**

- **Self-assembling peptides for regeneration of the periodontal ligament**
Dr. Stephanie Mathes, ZHAW, Wädenswil
Dr. Michael Hug, Credentis AG, Windisch
- **Skin layer detection**
Prof. André Bernard, NTB, Buchs

14.00 **NTN Swiss Biotech Platform Biocatalysis and Biosynthesis**

Dr. Rebecca Buller, ZHAW

14.20 **Tips and tricks to optimize a CTI proposal (tentative)**

Dr. Markus Ehrat, Head Innovation Mentor CTI

14.40 **Q&A and Discussion**

14.50 **Closing words**

Dr. Martin Bopp, Geschäftsführer, Hightech Zentrum Aargau

15.00 **Networking, Partnering & Posters**

17.00 **Closing of the Event**

Poster Exhibition

1. Tbc –Call for poster is open

Event Partners

Das Hightech Zentrum Aargau ist zentrale Anlaufstelle für innovative Aargauer KMU. Unsere Angebote stehen allen KMU des Kantons Aargau offen, gleich welcher Grösse. Wir begleiten Innovationsprozesse - auch in den Bereichen Nano- und Energietechnologie, Ingenieurwesen, Life Sciences, Medizinaltechnologie, Informations- und Kommunikationstechnologie, Micro- und Umwelttechnologie. Gemeinsam mit Schweizer Hochschulen werden Machbarkeitsstudien erarbeitet und finanziert.
