*Players must play for the school they attend, however if you have children wishing to play and no school team we can help place them in another team with similar aged players. This league is a FUN LEAGUE aimed at giving children a chance to experience an alternative team sport in an indoor and safe environment. There is no grading apart from keeping the children in age groups (Primary/ Intermediate and High School) Players can join the club at a later date if they wish to continue their training and development in a friendly competitive atmosphere. All players are welcome. The club caters for Under 8 year olds through to senior and social players.*

**The rink is available for class groups to hire during the day at affordable cost. There is also an opportunity to have catering provided as part of a skate and lunch package. Please email for details**

**Staff members are required to assist with supervision and allocation of club owned gear. Schools need to provide transport. Email [ravensinline@gmail.com](mailto:ravensinline@gmail.com) if interested in discussing further.**
