Mosquito spray, sun screen, lip balm.

NEW socks and underwear. All donations of items must be in their new and original packaging.

Glass jars and containers cannot be sent to the impact area. Shipping may cause them to break, creating a hazard to those receiving the product. Also, please remember people receiving the food may not have a can opener, or even a kitchen. Please only donate items which are ready to eat.

Your support has made it possible to send 6 semi-trucks full of product to the impact area. We cannot thank you enough for stepping up and sending love from West Texas.
