Meet the Spring Interns

My name is Melissa Crow and I am currently working towards my Master's in Professional Counseling at Southeastern University. I initially joined SKP because of my interest in working with kids. Through my time here, I have discovered my passion for helping those who are in grief. In the future, I would like to continue working with more clients in this field.

My name is Taylor Gray and I am a senior in the undergraduate Social Work program at the University of South Florida. I was drawn specifically to SKP because of my passion for working with children. I hope to attend the Master of Social Work program at USF starting this summer. In the future I hope to continue working with children with a focus on child mental health.

My name is Rebecca Morrison, and I am a senior at USF. I am graduating in Spring 2018 with a double major in Psychology and Criminology, with a minor in Behavioral Healthcare. My goal, once I graduate with my B.A., is to get a master's degree in Rehabilitation and Mental Health Counseling at USF, and work with children who have endured traumatic experiences.

My name is Ashley Glynn and I am originally from Atlantic Highlands, New Jersey. I am currently a senior at Saint Leo University pursuing a Psychology degree. With my degree, I would like to work with children to help them better themselves in all aspects. Giving back and helping others is a major part of who I am and I am fulfilling that passion here at SKP. I am so blessed to be working here with the amazing staff and being able to help those in need.

Sherrie Leatherwood is attending Concordia University, Irvine to obtain her Masters of Arts in Counseling. Her desire is to bring healing to those who are hurting. She looks forward to serving here at SKP as she desires to work with those who have experienced a death.
