Since I began my career as a “youth minister”, this trip has been a constant I have offered students. I have lost count but I think the number of times I have led students on this trip to this destination is 22 times.

Jamaica, and in particular, visiting the infirmary (a long term care facility for the poor), has changed my life and the lives of thousands of high school students over the past 30 years. It is one of the best gifts I know to give a young person; and, yes, both of my daughters experienced this trip while in high school. In addition to the half day they spend at the infirmary, they will serve on construction projects, run a VBS program at a school close to the camp, and some years serve at an orphanage run by the Salvation Army.

Moorlands Camp where we stay is located in the mountains of Jamaica in Manchester county.

POSSIBLE WORK PROJECTS

Concrete/block home, school or church construction Visiting with residents of the Infirmary

EVENING PROGRAM

Each evening of the trip, everyone gathers together to fellowship, sing, worship, pray, and receive a message brought from God’s Word by the evening speaker.

CHILDREN’S MINISTRY

Our children’s ministry is also known as “SGO” (Summer’s Greatest Outreach). We will partner with local schools and give your students a chance to volunteer with this children’s ministry.

WORK GROUPS

All participants will be assigned work groups. Work groups are made up of people from all of the church groups at the camp. Everyone will have at least one person from their church group with them, but this is also a great time to meet new people!

FUN DAY

Ok, everyday is fun in it’s own way, but there is a day when the whole camp goes to YS Falls or Dunn’s River Falls to enjoy the water and be tourists. Admission is covered but some things like zip lines or getting your hair braided is a cost that students pay for themselves.
