Subject: Patronage Visit

Tena koe Martin

We are indebted to Whanganui High School and the outstanding two students who worked incredibly hard and conscientiously assisting us in compiling a truly wonderful power point presentation for our Patron's visit yesterday.

Alex Forlong and Alex Vinnell impressed us all with their maturity and professionalism.

They were a joy to work with and an absolute credit to the school.

We have let them know should either of them at any point need a reference or recommendation, we would be delighted to provide this (as we certainly will do for the school).

We were thrilled to have two such incredible young people as a part of our reception yesterday and they are to be commended for their conduct and willingness to assist us with what for our charity was a particularly auspicious occasion.

Government House staff were very impressed with the presentation and pleased to see the students involved.

Personally, I was incredibly grateful to them both for their dedication and commitment, which made the afternoon such a success for all involved.

These are students of which Wanganui High School can be exceptionally proud and if the school has a system of special recognition for students who go the extra mile, then we couldn't think of two more deserving young people.

What an incredible place the world would be if it was populated with students like these :-))

Thanks of course also to you and your staff for facilitating our request. Wanganui High School has consistently held a long-standing reputation in the community as an excellent school and deservedly so.

Students who are so engaged and enthusiastic are a real pleasure to meet and such an attitude stems from teachers who inspire the best in all their students.

Many thanks to all at Wanganui High school for willingly supporting our charity in this special way, making the event one to remember for all the right reasons.
